Sir:

In response to the restriction requirement office action mailed April 12, 2007, and in consideration of an accompanying Petition for a Two-Month Extension of Time, the fee for which should be paid from the undersigned's deposit account 12-1087, the applicant hereby responds as follows:

Claims 1-33 of Group I are elected for further prosecution. This election is made with traverse, for the reasons stated below.

The office action does not assert that multiple species are recited within claims 1-33. Therefore, no election of species is believed to be required.

The traverse extends only to Groups I-IV not to Group V (claims 88-91).

In elected Group I, claims 1-9 are directed to an indwelling catheter. Claims 10-19 and claims 20-33 are directed to the combination of the catheter with an insertion tool. The claims of Group II are directed to an assembly of an indwelling catheter and an insertion tool. Thus, the claims of Group II have the same inventive concept as claims 10-19 and 20-33 of elected Group I. The examination of the claims of Group I
